

ROB TUCKER

Residing in Auckland, Tucker has established himself as a unique presence in the art world with his interpretations of figurative still lifes and landscapes. His artistic journey has taken him across the globe, exhibiting in prominent art hubs like London, New York, Los Angeles, Berlin and Sydney.

His artistic expression, marked by geometric shapes, streamlined forms and a vibrant colour scheme, nods to the aesthetics of mid-century modern design, while evoking the spirit of David Hockney's era of pop-art and abstraction.

Tucker's still life paintings draw inspiration from creating sparse clusters showing his fascination between space and shape. His palate, whilst joyful and exuberant, is applied in such a manner to create contrast and effect with bold painted lines being paired with soft pastels.

Oversized, textural and graphically engaging, Tucker's passion radiates through both his brush strokes and his infectious playful energy.

Over the past ten years, Tucker has presented at Art Fairs around the World with Rebecca Hossack Gallery based in London:- New York, The Hamptons, Paris, Seattle, San Francisco, Miami, Toronto, Los Angeles, Hong Kong and Singapore.

Tucker joined ARTIS Gallery in February 2024 and we first presented his works (all sold) at the Aotearoa Art Fair during April 2024.

His first solo exhibition in Auckland - *HOME COMING* – opened in ARTIS on 25th June 2024.
